

# PSP Two Speed Hand Pump Index for drawings What do we offer?

Our Micropac® PSP is a component hand pump which can be configured to suit your exact requirement. Single acting, two-speed operation up to 1000 bar, multi-fluid compatible with easy change seal kits.

For extra options, such as an automatic changeover valve, see pages 4 & 5.

For a banjo fitted 100mm pressure gauge, see page 3, 5 & 7.

These pumps can also be fitted to a 15 litre reservoir. See page 8.

For ATEX / IECEx certified options, see our "MD-Ax" range of products for 316 stainless steel two-speed pumps.

For extra options such as 4-way directional valves or different reservoirs, consult the factory.

Page	Drawing Number	Description Available Pump Models:	
2	PSP-XX-O-R-O-R	Pump alone - all models up to 700 bar (1/2BSP female outlets)	
3	PSP-XX-O-R-G-R	Pump with gauge - all models up to 700bar (1/2BSP female outlet)	
4	PSP-A-XX-O-R-O-R	Pump alone with automatic changeover valve (1/2BSP female outlets)	
5	PSP-A-XX-O-R-G-R	Pump with gauge & automatic changeover valve (1/2BSP female outlets)	
6	PSP-10-O-R-O-R	Pump alone - 1000bar model (3/8BSP outlets)	
7	PSP-10-O-R-G-R	Pump with gauge - 1000bar model (3/8BSP outlet)	
8	PSP-XX-15	Available Reservoirs: Code is for Reservoir alone, but order as part of the pump assembly per the ordering codes on the PSP Datasheet. See these drawings for the reservoir dimensions, and for an illustration of a pump mounted on the reservoir.  15 Litre Reservoir in 316 stainless steel for low corrosion
